Available in a variety of other colors

## STICKY SPEAKER

**Just Stick It - Rich Sound Anywhere**

The waterproof STICKY SPEAKER accompanies you through the day. Just take it along and attach it wherever you are, to the bathroom mirror, the refrigerator, the office door or the window.

The cute speaker has a really strong suction cup and is splash-proof. Thanks to the Bluetooth feature he provides a rich sound anywhere. Just play your favorite music from your smart phone or tablet using the colorful speakers. The volume can also be adjusted through the function keys directly on the speaker. Here you can also activate hands-free calling and thus use the STICKY SPEAKER for conference calls and for hands-free calling in the car.

And when you just need some peace and quiet: Use the STICKY SPEAKER as tablet or smart phone stand.

# Magical Times.

## MAGIC SOUND

### Induction Speakers Double the Sound of Your Smart Phone

In the 80s we carried our tape recorders on our shoulders - today the entire technology fits into our pocket. A smart phone and the MAGIC SOUND - that's all you need for music enjoyment on the picnic field, at the pool or on the terrace. The induction speaker really is a wacky gadget. Just start the music playback on the smart phone and place the device on top of the MAGIC SOUND.

Immediately you can clearly hear the music. Play your own charts out on the fields with your friends by alternatively playing the favorite music from the different smart phones. No need for configurations or cable! Thanks to the standby function, the induction speaker turns on automatically and the battery lasts for up to 15 hours of magical music.

3 x AA batteries not included
Size: 15.5 x 3.8 x 6.7cm

Headphone

## HEAD BANG

### Wired Headset with Microphone

Headphones are nowadays casually pushed far back on the head. The times of small ear-plugs are over. The wired HEAD BANG headphones look stylish and ensure optimal sound. You can connect it to your smart phone or other audio devices. Whether in the subway or at home on the couch, the ear-covering headphones with foam padding let only escape a minimum of sound to the outside and have a very low noise disturbance from the outside. This way you can enjoy your favorite music undisturbed by ambient noise. And if you do want to have your head free - simply fold the fancy headphones up and put them in your bag.

- Foldable, perfect for life on the go
- High-performance 40mm drivers for deep bass sounds
- 1m cable with integrated microphone for smart phone communication
- Single-sided 3.5mm cable
- Impedance: 32Ohms
- Frequency range: 20Hz - 20kHz
- Sensitivity: 108dB/mW

# Feel Like Headbanging?

Headphone
## HEAD BANG BLUETOOTH

### Bluetooth Headset

Thanks to Bluetooth technology there's no longer a cable tying you to your smart phone. Just connect the headset to the smart phone via Bluetooth and enjoy your favorite sounds. This headset is very elegant and with its soft padding gently covers your ears. This model is particularly light and fitted with impressive technology, allowing you to adjust the volume directly on the headphones. The minimalist style of the HEAD BANG Bluetooth wireless headphones, is sensibly enhanced with the practical fold-up feature. Whether on the couch or on the road - these headphones are your stylish companion.

- Bluetooth 3.0 and standard Stereo-Technique
- Especially light, high wearing comfort
- LED status indicator
- Integrated microphone
- Ultra-clear timbre
- 3.5mm audio cable
- Integrated volume control buttons
- Connection of up to 2 Bluetooth devices simultaneously
- Frequency range: 20Hz ~ 20kHz
- Power supply: 400mA/h rechargeable battery (installed)
- Continuous capacity: more than 8 hours at 1/3 level
- Charging time: about 2.5 hours

Bluetooth

# Small but Powerful!

## SUPER BASS
Portable Bluetooth Speaker

Bluetooth®

This high quality portable Bluetooth speaker with a full-metal housing enables you to enjoy your favourite music anywhere and anytime!

**Bluetooth**
**Hands-free function**
**Water-repellent**

Just simply connect your PC, laptop, MP3 player, iPod®/ iPhone®/iPad®, smart phone or phone via Bluetooth or cable to the speaker and you´re ready to go. Thanks to the built-in microphone, you also have a hands-free function, so you can, for example, use it for telephone conferences.

Enjoy your freedom of movement, through a wireless connection of up to 10 meters. Due to the integrated battery you are independent from the electrical outlet. Low-frequency enhancement and anti-breaking sound´s technology provide excellent performance.

Moreover, the speaker is based on a special acoustic design structure which uses air compression to boost sound quality. With this, the product is able to produce sound at the highest volume without any distortion, while maintaining music quality at the lowest volume.

# PRIVATECLOUD
# WiFi Data Storage

for OS Windows, MAC,
Android-systems with
download/upload function

Access to data from DIGITUS® "private cloud"
WiFi data storage with different devices simultaneously

## The New Mobility Solution To Extend Your Space Over Wireless.

The DIGITUS® „PrivateCloud“ WiFi data storage makes it possible to get an wireless access to users‘ external storage media on an easy and mobility way. It offers a storage extension for the limited space of mobile devices such as iPads® and smart phones. Whether you want to watch video, photos or accessing to your music and documents, DIGITUS® „PrivateCloud“ WiFi data storage transfers all data to your Windows, MAC, Android or iOS systems. You can either access "PrivateCloud“ WiFi Data Storage by browser from the PC or notebook as well as accessing it from tablet and smart phones from downloaded app called DIGITUS® "PrivateCloud" to have full access to your data on the SD card or USB key.

Three users at the same time can use the "PrivateCloud“ WiFi data storage. The device has an internal battery that can operate continuously up to 4 hours. "PrivateCloud“ WiFi data storage comes with the WiFi 802.11 b/g/n bridge function that not only provides wireless access to the data in the storage, and at the same time it also allows you to browse to Internet to download documents and music into "PrivateCloud“ WiFi data storage. This is the fastest and most mobile way to manage your data and media overall.

DIGITUS®

# The Little Projector for the iPhone®
# BeamJack™

**DIGITUS® iPhone® BeamJack™**
**DA-70903**

**Present Your Business with the Smallest Snap-on Technology!**

**iPhone® 4 Projector with battery charging function, playtime: up to 2.5 H, resolution: 640x360 px., aspect ratio: 16:9,15 lumen**

The super-small and lightweight projector enables projections on indoor and outdoor surfaces. With a projection-distance of up to 3 meters, it is the smallest and most efficient device of its categorie. The projector is just a tiny bit bigger as an iPhone® 4/4S and therefore allows „in-between“ cinema experiences during journeys, at friends` or at home. Just simply plug your iPhone® 4/4S on the dock-adapter and you´re ready to start. The devices synchronize automatically.

Your photos and movies, blockbuster or YouTube-videos can be played anytime and everywhere. With a playtime of up to 3 hours, the movies can be played uninterruptibly - the only thing you need is a free surface.

The DIGITUS® BeamJack™ leaves a very good impression even in the field of business! With the small and compact measurements, as well as the innovative snap-on technology, you´re always properly prepared for your presentations. The BeamJack is small and lightweight, so that it can be carried along each and every day. Moreover, it allows your PowerPoint presentations to become an optimal performance in the next meeting. With adequate apps, the DIGITUS® BeamJack™ becomes ready for business!

## USB to HDMI Adapter with MHL Technology

**Display your digital content with the MHL technology**

The USB to HDMI adapter marks the beginning of a new era of digital content transmission. The Mobile High-Definition Link technology, short MHL, creates the possibility to stream your digital content from an MHL host device like a smart phone or a tablet to a large display. In order to profit from this technology you simply need to connect your MHL compliant device and the DIGITUS® adapter to your big display. Yet it plays no role, whether you use an ordinary TFT monitor, or a large HDTV. Enjoy your favorite content with a resolution of up to 1080p from your mobile device. Moreover your MHL device will be charged, while streaming the content to the display and you can use your TV remote control to navigate and control the connected device.

**AK-300305-002-S**

## DIGITUS®
## MHL Connection Cable, USB Micro B/M - HDMI Type A/M

**Control your mobile device (appliance) with the remote control of the television and load it at the same time!**

With the TV cable MHL to HDMI you bring your videos on the TV device or video projector, of course thanks to HDMI without quality loss. It stated not only picture and video files on the television, also you control the mobile phone menu and the smart phone, for example, about a Bluetooth keyboard, mouse or the TV remote control comfortably. Thus you can surf with your mobile phone on the HDTV device, play or write comfortably texts.

## Hard Drive Casing

## DIGITUS® LockUp

### Encrypt your personal data fast and simple with LockUp

With the external hard drive enclosure „LockUp“ your hard drive gets more secure. „LockUp“ uses the secret AES (Advanced Encryption standard), 256bit hardware encryption algorithm, which is also used by the U.S. government. With this algorithm, it‘s possible to read any data on your hard disk or to decode it, even if it‘s connected to any computer systems or other devices. „LockUp“ runs independent on all operating systems and requires no software installation and does not reduce the transfer rate when it‘s in the safety mode. „LockUp“ has currently the highest speed support via 32-bit controller, and not like any other external storage devices with an 8-bit controller.

All functions are very simple and easy to use. The display shows five different steps on a red LED and four blue LEDs and let you know in which menu you are currently in operation. „LockUp“ also has a special and unique feature: It can be used not only on all operating systems, but also on all other devices (e.g. Media Player, TV, etc.) which support an USB connection.

**DA-74002**

## DIGITUS® SecuPort

### Encrypt your personal data fast and simple with SecuPort

Adopted by the U.S. government, top secret AES 256 bit hardware encryption algorithm.

DIGITUS® SecuPort supports hardware encryption for your personal data security via Advanced Encryption Standard. It is almost impossible to read or decode your data without the relevant password code.

Forgot your personal password? The master key helps! If users should forget the password of SecuPort, it‘s impossible to read any data from the HDD. Therefore SecuPort generates a master key and shows it on the OLED display, if the hard drive is connected for the first time. Each HDD has a different master key. Thanks to the hardware encryption, it is operating system independent, no need to install software and no speed loss of encryption.

SecuPort is using capacitive touchscreen technology for menu navigation and password input. Profit of the speed of USB 3.0 controller that transfers up to 10 times faster the data as USB 2.0.

**DA-74000**

## DIGITUS® LockGuard Docking Station

With the DIGITUS® LockGuard docking station gets your hard drive more safely. Enjoy easy password input, menu navigation and HDD info via the front OLED window for a perfect personal storage. With the finest capacitance touch panel, LockGuard supports menu navigation and password input easy and prompt by fingertip. Adopted by the U.S. government, there's a top secret AES (Advanced Encryption Standard) 256 bit hardware encryption algorithm. In case of the encrypted HDD of LockGuard, it's impossible to read or decode any data on the HDD even though it's connected with other PC systems or devices. It works independently with all OS and there's no S/W installation and no data transfer speed down even in security mode. LockGuard supports the world best speed via the latest 32bit controller, not 8bit controller of other external storage devices.

DIGITUS® LockGuard has also a special and unique feature. It can be used not only on all Operating Systems, but also any devices (e.g. Media Player, TV, Set-top box, NAS...) which support USB host. Just connect LockGuard to an USB host and enter the password, then it works like a normal USB 3.0 HDD storage device.

But it's also compatible with USB2.0 and supports faster speed than other USB2.0 storage in USB2.0 environment. It also supports voice information on HD connection status, password input and HDD installation result.

**DA-74001**

## DIGITUS® MegaMount

### Provides an all-in-one solution with your ISO files and disc image files

With the DIGITUS® MegaMount, you can easily play iSO files from your hard drive on all devices which have an USB 3.0 port (data transfer in Super Speed with a rate up to 5Gbps). You also need no driver software to use MegaMount.

The enclosure fits to any 2.5" SATA I, II, III HDD / SSD hard disk and offers 3x independent ODDs (Blu-ray, DVD, CD) and 1x USB3.0 storage, with you can directly play iSO files, without using a CD software. The DIGITUS® MegaMount is also very easy to use: With the mode button you just have one button available, but you can use four different modes (HDD, ISO1, ISO2, ISO 3). The light weight of 68g and with dimensions of 78x135x16mm makes the device easy to hand and can store everywhere.

# Little Helpers.

## Card Readers & Hub

### Notebook USB 2.0 Hub 4 Port, mini

**High quality USB 4 port hub**

- The device offerd you to connect 4 USB devices to 1 USB interface
- No power supply required
- Compatible to USB Rev. 1.0/1.1/2.0
- Supports Hot Plug and Plug&Play
- Enables 1.5 / 12 / 480 Mbps operation

**Windows 98, ME, XP, Vista and Mac OS**

**85039**

### Notebook USB 2.0 Hub 4 Port

**High quality USB 2.0 hub, 4 port**

Perfect for mobile applications because due to compact design and low weight.

- Hot Plug and Plug&Play
- Data transfer speed 1,5 / 12 and 480 Mbps
- No power supply required

**Windows 98, ME, XP, Vista and Mac OS**

**85032**

### Notebook USB 2.0 Hub, 4 Port

**High quality USB 2.0 hub, 4 port**

Suitable for mobile applications due to compact design and low weight

- Hot Plug&Play
- Data transfer speed 1,5 / 12 and 480 Mbps
- No power supply required

**Windows 98, ME, XP, Vista WIN7 and Mac OS**

**85131** White
**85132** Black
**85133** Red

### USB 2.0 Card Reader, Portable

USB 2.0 card reader supports USB 2.0 High-speed-transmission for: MS, MS PRO, MS Duo, MS Pro Duo, HS MS, SD, mini SD, Micro SD(T-Flash), SD 2.0 (SDHC), MMC, RS-MMC

**Windows Me/2000/XP/Vista/Win7/ Mac OS X**

**85230**

### USB 2.0 Card Reader 4 Slot, Portable

USB 2.0 card reader supports USB 2.0 High-speed-transmission for: MS, MS PRO, MS Duo, MS Pro Duo, HS MS, SD, mini SD, Micro SD(T-Flash), SD 2.0 (SDHC), MMC, RS-MMC

**Windows 2000/XP/Vista/Win7/ Mac OS X**

**85234**

## DIGITUS® Universa Mobility Charging Cable for iPad®/iPhone®/iPod® incl. USB Hub

**Charge your iPad®/iPhone®/iPod® device conveniently without losing the USB port**

The DIGITUS® Universal mobility charging cable incl. USB hub enables you to charge your iPad®, iPhone® and iPod® via the USB port and offers one additional USB hub. With this, you can use the USB port simultaneously for other needs.

**DA-70218**

## DIGITUS® USB 2.0 Multi Card Reader

**Ready for the road - the compact always with you card reader**

Card reader/writer USB 2.0, for SD, MMC, MS and Micro SD (T-Flash) cards SDHC support

**DA-70310-2**

## DIGITUS® Micro SDHC Ultra Compact USB Card Reader

**Ultra compact size, ideal for taking on-the-go**

Micro SD USB 2.0 card reader/ writer - long stay, for micro SD (T-Flash) cards SDHC support

**DA-70314-1**

## DIGITUS® Micro USB Charging Cable incl. USB Hub

**Charge your device conveniently without losing the USB port**

The DIGITUS® Micro USB charging cable incl. USB hub enables you to charge your smart phone, MP3 player etc. conveniently and offers an additional USB hub. With this, you can use your USB port simultaneously for other needs.

**DA-70219**

## DIGITUS® USB 2.0 High-Speed Hub 4 Port

The DIGITUS® "Tiny" USB 2.0 4 port hub makes it simple to connect up to four USB devices simultaneously to a PC or Mac. Plug in your favorite USB devices and profit from the very fast connection. This hub has a fresh and compact design. The tiny case makes sure that you can transport this device very easily.

**DA-70217**

## DIGITUS® "Tiny" Card Reader USB 2.0

The DIGITUS® "Tiny" USB 2.0 card reader enables you to transfer your digital data to your PC quickly and easily. Thanks to the slim and compact design as well as the integrated LED indicators, the product ensures convenient performance and easy transportation. Additionally, the case has a small clip on the backside for the short USB cable.

# Keep It Clean.

## Surface Cleaner

**Removes smudges, dirt, dust and fingerprints without scratching or leaving any residue behind**

Special cleaning cloths for TFT screens, laptops and flat bed scanner screens; also suitable for use on PDA and LCD screens, screen-free filters and all treated and untreated glass surfaces e.g. mirrors, microfilm reading screens, OHP screens and lenses as well as for all plastic and painted metall surfaces. 100 tissues.

**63001**

## Power Cleaner

**Removes smudges, dirt, dust and fingerprints without scratching or leaving any residue behind**

Special cleaning cloths for TFT screens, laptops and flat bed scanner screens; also suitable for use on PDA and LCD screens, screen-free filters and all treated and untreated glass surfaces e.g. mirrors, microfilm reading screens, OHP screens and lenses as well as for all plastic and painted metall surfaces.

**63004**

## CD/DVD Driver Cleaner

**Special cleaning CD with a super soft brush for cleaning the laser lens of CD-drives.**

The ednet lens cleaner cleans and removes dust, dirt and other deposits in a carefully controlled process. Package content: lens cleaner for CD, DVD and Blu-ray.

**63010**

## CD/DVD Cleaning Tissues

100 pre-moistened wipes in a practical dispenser, lint-free, with antistatic effect. Quickly and thoroughly remove dust and fingerprints.
For trouble-free operation. Impregnated with antistatic and antiseptic cleaning solution.

**63011**

## Polish & Repair

**For a perfect finish!**
**ednet repair & polish, incl. cloth**

This polish to remove light scratches very easily on smooth surfaces, such as smart phone displays, watches, glasses, MP3 players, etc.

**63012**

## Blu-ray Lens Cleaner

**Increases the life expectancy of laser players**

The ednet lens cleaner cleans and removes dust, dirt and other debris in a carefully controlled process.

**63014**

## Office Cleaning Set

Multi-part office cleaning set for all application fields. Contains cleaning accessories for TFT, LCD and other displays, for scanner, copy machines, over head projectors, fax machines, printers, computer cases, keyboards, mouse units, telephones and other equipment.

**63016**

## Screen Cleaning Tissues

Dust, dirt and fingerprints are removed gently and thoroughly.The practical dispenser keeps wipes moist and clean and you can see them easily. These cloths when cleaning you also happen to reduce the electrostatic attraction. Streak-free without wiping!

**63022**

# For Cool Calculators.

## Notebook Cooling Stand & USB 2.0 Hub 4 Port

**Docking station for 4"/15"/15,4"-Widescreen/17"-notebooks**

- Tilt up to 35° provides ergonomic viewing height of the notebook screen and comfortable typewriting position
- Integrated USB 2.0 hub with 4 USB A Ports for the connection of e.g. USB keyboard, USB mouse oder USB printer etc.
- Built-in cooling fan (70mm) offers high performance, low noise and low power consumption for heat-scattering
- USB A/B cable, lenght approx. 40cm content of this packaging
- Easy installation, no drivers needed
- System requirement: USB 1.1/2.0 Port
- Product dimensions (WxHxD): 380 x 280 x 35mm

**64017** ednet.

## Notebook Cooling Stand

**Rugged notebook stand for notebooks up to 17.3"**

- A special 220mm diameter fan provides absolutely noiseless cooling. The design allows a nearly silent air flow rate of up to 50cfm, ensuring the very ventilation and effective cooling of almost the entire notebook surface
- The notebook stand offers a better ergonomic position
- This allows you to set the screen at optimal eye level. Multicolor LEDs enable special light effect. Incl. USB connection cable.
- Dimensions (WxHxD): 320 x 315 x 67mm
- Weight approx. 750g

**64018** ednet.

## WLAN REPEATER

### 300Mbps Wireless-N Repeater

# More Reach for Any Wireless LAN Network

**DIGITUS® 300Mbps Wireless-N Repeater, 1xRJ45,1x EU Plug, WPS button, IEEE 802. IIN 2.0 Encryption WEP, WPA, WPA2**

The WiFi repeater is a combined wired/wireless network connection device designed specifically for small business, office and home office networking requirements.

It allows a wireless network to be expanded using multiple access points without the need for a wired backbone to link them. It also works well with other 11b/g and 11n protocol wireless products. With the LAN port you can easy connect your networkable devices like TV, printer or Blu-ray-player with your existing WLAN network.

**87086** ednet.

**DN-70181** DIGITUS®

## WLAN CLIENT ADAPTER

**Wireless 150N**
**Client-Adapter, 150 Mbps**

# Can Be Used as Access Point as Well as Repeater.

### DIGITUS® Wireless 150N Client Adapter, 150 Mbps, Wireless Solution for TVs and Game Consoles Included Access Point

The handy wireless 150N access point offers all the features of a large access point, but is very mobile due to its small size and is easily usable anywhere. It can be used both as an access point and also as a repeater.

- DIGITUS® portable wireless 150N access point
- Supported standards 802.11b/g/n Wireless LAN
- Transmission in the 2.4GHz frequency band
- Offers access point and repeater functions
- Advanced security features with WPA2/WPA/WEP Encryption WPA2/WPA/WEP-coding
- Supports WPS (WiFi protected setup) - Push button for auto connection to a wireless adapter (adapter must support this feature)
- Connection: 1x RJ45 LAN
- Operating system independent, supports e.g. Windows, Mac OS, Linux and Sun

**DN-70495**

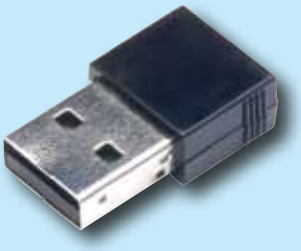
# Networker.

## WLAN USB Stick 802.11n, Micro

W-LAN-Nano adapter. For use with every notebook or PC. That device is compatible with the following standarts IEEE 802.11n, 802.11g and IEEE 80211b and has a transfer rate of 150-300 Mbps. For easy security setup the dongle has the WPS /WiFi Protected Setup) function. The high data transfer rate enables applications like video/audio streaming and network gaming. Compatible with Windows 2000/XP/Vista 32/64, Win7 32/64, Mac OS 10.5. and above.

**87080** 150 Mbps
**87081** 300 Mbps

ednet.



## Wireless 150N USB Adapter

**Smallest wireless LAN USB adapter - Plug it in once and forget about it!**

The smallest WLAN USB stick which - once plugged in - can remain in the USB port. The risk of breaking e.g. when transporting a laptop is virtually impossible. Easy to install, no driver needed (Windows XP, Vista, 7 und 8).

**DN-7042-1**

DIGITUS®

## Tiny Wireless 300N USB 2.0 Adapter

**Easy encryption with WPS button.**

The mini USB wireless adapter has a transfer rate about 300Mbps. This product can be used to computer, PSP, media player and other device which need the wireless application. The WPS button make the encryption to be very convenient.
